Subject: Recommendation

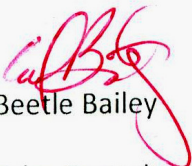

Date: 01/21/09

To whom it may concern,

We are a wholesale distributor of access control and safety products for automated gate and door industry, incorporated since 1987. We have carried the reliable BD Loop line since 2005, without incident. BD Loops is a very professional organization who pride them selves on quality of product. We are pleased to represent their products and would recommend their product to any installer, at any level of experience.

Ted Dickson and his team offer great solutions for a cost-driven industry, as well as solutions to any customized layouts. They offer a proven product that saves both time and money.

Thank you for the inquiry,

Beetle Bailey
