Re: Quality

Dear Mr. Dickson:

Over the last four years, Eagle Access Supply Co. Inc., has used almost exclusively prefab loops manufactured by BD Loops. The reason for this is QUALITY. Eagle Access Supply Co. Inc., prides itself on offering quality products to its dealers.

One main factor in determining Quality is customer satisfaction. We have not had one complaint from our dealers about BD prefab Loops not performing as expected. BD Loops has been very receptive to suggestions about product improvement. This has resulted in reliable high quality products.

Here, at Eagle Access Supply Co. Inc., we will continue to offer our dealers the highest quality prefab loops available.

Sincerely,

EAGLE ACCESS SUPPLY CO. INC.
