Dear Ted,

I want to start off with a thank you for your support at our dealer open house. The displays and sales ads were a big help.

I also want you to know that your preformed loop product has been very well received by our customers. The dealers like the design that makes it easy for installation and we have yet to experience a failure or return, which is unheard of in this industry.

Keep up the good work.

Thank you,

Danny Klein
