**BD Loops  
832 SAN NICOLAS CIR.  
HUNTINTON BEACH, CA 92648**

**Dear Mr. Dickson,**

**It has been close to five years that I have been selling your loops. I want to say that in all that time we have yet to have a failure. That is a remarkable track record, one that saves us a lot of time.**

**It is so nice when a customer calls saying they are having a loop problem, I able to tell them it's not the loop, but to look for something else causing the problem. It always turns out to be the something else. Your product is just that reliable.**

**I also want to emphasize the fact that the feed back from the installers have all been positive. The most common comment has been how easy they are to install and the completeness of your installation instruction.**

**Your same day shipment has been a real lifesaver. Being able to ship the same day has made me look like a hero to my customers over and over again.**

**In closing, I want to thank you again for making my job a little easier.**

**Thank you,**
