Re: Loops

Ted,

We wanted to let you know how well your loops have performed for us since we started using BD Loops. Last year we sold over 200 gate systems and a large portion of those systems were sold with your BD LOOPS and to this date we have not had any returns.

In addition, your EZ Detector Checker has saved us valuable time in production checking our systems before they ship out.

Keep up the good work and keep us informed with any new products.

Sincerely yours,

William A. Rodwancy
