What makes our loop design superior?

<i>Feature</i>	<i>Benefits</i>
We use thicker 16-gauge loop wire, most others use thinner 18 gauge.	16 AWG has 2 times more copper for up to a 100% improvement in detector performance
3/16 saw-cut grove both loop and lead-in	No second cut for lead-in
Custom sizes available	Can be shipped the same day with up to 75' lead-in
Pre-phased at the factory	Saves time when installing two loops to one detector
Three levels of insulation	Ensures top level of performance
E-Z install kit TB-KIT and accessories	Saves time on installation
Built in backer rod	Saves time and materials on installation
